

Not all lenses are created equal

Indoor progressive lenses specially designed for
computer and near vision tasks

Do you get tired and sore eyes from looking at the computer screen all day?

If you answered yes, then we have the solution for you....

Recent technological advancement in the way lenses are designed has created the iD WorkStyle lenses with; clear visual focus for near and intermediate viewing, wider field of view and all day comfort without eye strain.

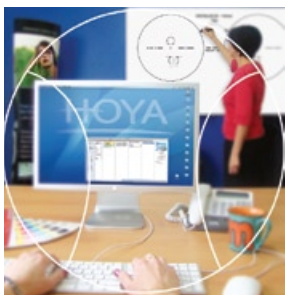

iD WorkStyle provides you with the clearest, most natural vision, with easy adaption and all day comfort.

For people who > use computers | enjoy reading | carry out housework

- For people who want glasses that will give them all day comfort when working in front of a computer for most of the day.
- For people who have reading glasses that don't want the hassle of taking them off and putting them on all day long, iD WorkStyle lenses are multifocal lenses that can be worn all day long.
