

# Hoya's gift to you...

# FREE Sensity\*

## Celebrating 75 Years of Lens Leadership

Since HOYA started in 1941, our dedication to quality, innovation and our customers has been our number one priority over the last 75 years.

As a thank you for your continued support, you can **enjoy Sensity at the clear lens price** on all grind products\*. Sensity is the latest innovation in photochromic lenses and proudly HOYA technology, providing unparalleled performance and outstanding user comfort through:

1. **Stabilight Technology** - ensuring consistent performance in different climates and seasons.
2. **Natural lens colours** - providing excellent contrast, glare reduction and high speed light reaction.
3. **Precision technology** - delivering exceptional photochromic and optical quality, scratch resistance and durability.

**Contact your HOYA Sales Consultant for more information, demonstration tools, print and digital marketing support materials.**
