HOYA

FOR NEXT LEVEL PERFORMANCE

The better the performance,
the greater the fun

Special Sphere: A new perspective on performance

Function and fashion go hand in hand with Special Sphere, Hoya's range of contrast-enhancing tints. Fine details remain clearly visible when light conditions are far from optimal.

- High contrast vision in all weather conditions
- Suitable for the most active activities
- Ample choice for fashion-conscious customers

Special Sphere	Weather condition	Sports indication
● Green	☀️	🏃 🏊 🏍 🏎 🏏 🚴 🏹
● Orange	☁️	🏃 🏊 🏍 🏎 🏏 🚴 🏹
● Yellow	☁️	🏃 🏊 🏍 🏎 🏏 🚴 🏹
● Copper	☀️	🏃 🏊 🏍 🏎 🏏 🚴 🏹
● Brown	☀️	🏃 🏊 🏍 🏎 🏏 🚴 🏹
● Purple	☀️	🏃 🏊 🏍 🏎 🏏 🚴 🏹

Hoya sport & fashion lenses for next level performance & looks

Your customers will truly value their glasses when doing sports. And if they are looking for a stand-out performance they will love **Sportive** lenses, Hoya's new range of Sports and Fashion lenses that meet all the demands of today's athletes and fashionistas:

- Wide fields of vision at all distances thanks to their outstanding optical performance and high curvature
- Continuous protection from dust, glare and sun
- Protection against wind during fast movement
- High-contrast vision in all weather conditions thanks to contrast-enhancing tints

Just as importantly, **Sportive** lenses are super stylish, especially when combined with one of the contrast-enhancing tints from Hoya's Special Sphere series, Sun Style range or NuPolar® premium polarised.

High curved lens designs

Hoya **Sportive** lenses are available in single vision and progressive design, and come in NuPolar® polarised, a variety of contrast enhancing tints and Hoya's existing coating options. Thanks to these extensive choices you can propose the ideal Sports lenses to each customer – for all weather conditions and for any sport.

Superior vision in bright light

NUPOLAR®
polarized lenses

Sportive lenses are available in premium NuPolar®, the global standard in polarisation.

- See better with enhanced contrast and visual acuity
- Improve colour and depth perception
- Eliminates blinding glare
